MATTERS DISCUSSED

11. SECTION 38(2) RESPONSES TO NOTIFICATION OF INTENT TO DEVELOP (NID)

11.1 None

12. SECTION 38(1): INTERIM COMMENT

12.1 None

13. SECTION 38(4) RECORD OF DECISION (ROD)

**13.1 Proposed Construction of a Packing Shed on Erf 42368, 12 Cecilia Street, Goedemoed Farm, Paarl: MA
HM / CAPE WINELANDS / DRAKENSTEIN / PAARL / ERF 42368**

Case No: HWC24080128CN0814

RECORD OF DECISION:

The HIA, as prepared by Henry Aikman and dated March 2025, satisfies the requirements of S.38(3) of the NHRA. The Committee endorsed the development and supported the recommendations on page 12 of the HIA, as follows:

1. Rural Setting and Historic farms: The sense of place of the surrounding farms/the retained rural area of the Drakenstein Municipality should not be compromised.
2. Built Form: Reference should be made to the rural landscape and conform to local vernacular in terms of scale, form, and design.
3. Edge Treatment: Screen/shade planting to soften the interface between building platform and landscape context to be used. Views towards the mountains should be maintained. Informal clusters of trees and large shrubs to be used. Visually transparent fencing is required.
4. Lighting: Effective light management needs to be incorporated and integrated into the design to ensure that the visual impact is limited without jeopardising user safety and security.
5. Planting: Tree and shrub planting should be incorporated at the following locations: to offer screening, shade and a softer street character for users of Cecilia Street between the road and proposed development (packing shed), To offer additional screening for residents of Nancy Hoekstra farm, To provide shade, softening and screening in any hard surfaced areas such as the parking space.

The approvals contained in this decision are valid for 5 years from the date of this decision. This period may be extended on good reason being shown and at the discretion of HWC, provided that application for extension must be made prior to the effluxion of the 5-year period.

**13.2 Proposed Development on Erf 26439, Alexandra Road, Oude Molen Eco Village, Pinelands: MA
HM / CAPE TOWN METROPOLITAN / PINELANDS / ERF 26439**

Case No: 21022615SB0330E

FURTHER REQUIREMENTS:

The Committee is of the opinion the HIA does not meet the requirements of S.38(3) of the NHRA for the following reasons:

1. The intangible heritage/living heritage has not been sufficiently investigated including how that significance translate tangibly, with reference to S.3.3 of the NHRA.
2. There is insufficient information regarding the significance of the site in relation to the broader TRUP heritage area (macroscale). Further work is required concerning spatial integration with TRUP land.
3. There is insufficient information regarding the interrelated significances of various character areas within the site itself and therefore insufficient information to inform precinct specific heritage indicators.
4. More detailed information is required pertaining to the massing of proposed buildings in order to make an accurate assessment of the impact on heritage resources.
5. Additional alternatives are required regarding the nature of interfaces (internal between old and new fabric and external particularly related to TRUP land and Maitland Garden Village) and the underlying rationales supporting those alternatives.

The revised HIA is to be advertised to all Interested and Affected Parties including All First Nation Groups identified in River Club HIA process.

HM / CAPE TOWN METROPOLITAN / ST. JAMES / ERVEN 1502329-RE; 156138 (ERVEN 178896;
178895)**

Case No: HWC24050602EJV0324

RECORD OF DECISION:

The Committee resolved that the HIA prepared by Claire Abrahamse, dated March 2025 satisfies the requirements of S38(3) of the NHRA. The Committee supports the recommendations of the HIA as follows:

1. The architect must be retained for the design development stages.
2. As design development proceeds, further mitigation should be introduced by ensuring that every structure should be sunk to be as close as possible to the slope.
3. The sea facing gables of Units 4 and 5 must be replaced with hipped roofs.

The approvals contained in this decision are valid for 5 years from the date of this decision. This period may be extended on good reason being shown and at the discretion of HWC, provided that application for extension must be made prior to the effluxion of the 5-year period.

**13.5 Proposed Redevelopment on Erf 31990-RE, 23 Main Road, Mowbray: MA
HM/ CAPE TOWN METROPOLITAN/ MOWBRAY/ ERF 31990-RE**

Case No: HWC24071109CN0717

RECORD OF DECISION:

The Committee resolved to approve the revised design on condition that the double volume structure and framing device on the Rhodes Avenue and Main Road corner of the building be removed to mitigate over massing. Final building plans reflecting these changes are to be submitted to HWC for approval.

The Committee endorsed the HIA as satisfies the requirements of S.38(3) of the NHRA.

The approvals contained in this decision are valid for 5 years from the date of this decision. This period may be extended on good reason being shown and at the discretion of HWC, provided that application for extension must be made prior to the effluxion of the 5-year period.
